

EUROPEAN UNION

Delegation of the European Commission to Bosnia and Herzegovina

Sarajevo, October 2009

CLARIFICATION No. 2

Project title: Environment and Natural resources

Publication ref: EuropeAid/129053/L/ACT/BA

Tender No: EC/BiH/CfP/09/002

Question 9:

According to paragraphs 2.1.3, the Guidelines for grant applicants, indicated that the cost of reconstruction of the facility are not eligible. In connection with the same paragraph, is it possible for the purpose of making the analysis, which is an integral part of the project, perform corrective measures at the facility (no renovation to repair the existing situation, but work on the building in order to measure energy consumption before and after reconstruction of the building)? It should be pointed out that, for making the analysis, it is necessary work on the facility.

Answer 9:

Please note that in accordance with the Guidelines for grant applicants, section 2.1.3. – Reconstruction works are not considered as eligible actions and section 2.2.4. - "In the interest of equal treatment of applicants, the Contracting Authority cannot give a prior opinion on the eligibility of an applicant, a partner, **an action or specific activities**". For this reason the European Commission Delegation is not in a position to evaluate proposed activities and to give you exact answer.
