The participation of natural persons is governed by the specific instruments applicable to the programme under which the contract is financed.

12. **Candidature:**

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply. A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e. the leader and all other members) are jointly and severally liable to the contracting authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13. **Number of applications:**

No more than 1 application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than 1 application, all applications in which that person has participated will be excluded.

14. **Shortlist alliances prohibited:**

Any tenders received from tenderers comprising firms other than those mentioned in the shortlisted application forms will be excluded from this restricted tender procedure. Shortlisted candidates may not form alliances or subcontract to each other for the contract in question.

15. **Grounds for exclusion:**

As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.3.3 of the 'Practical Guide to contract procedures for EC external actions'.

16. **Subcontracting:**

Subcontracting is allowed:

- maximum percentage of the contract value which may be subcontracted: 20 %,
- activities which may be subcontracted: public-awareness campaign and pilot monitoring programme.

17. **Number of candidates to be shortlisted:**

On the basis of the applications received, at least 4 and at most 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the contracting authority may invite the candidates who satisfy the criteria to submit a tender.

**Provisional timetable**

18. **Provisional date of invitation to tender:**  
30.9.2009.
19. **Provisional commencement date of the contract:**  
30.1.2010.
20. **Initial period of implementation of tasks:**  
24 months (from the award of the contract).

**Selection and award criteria**

21. **Selection criteria:**  
Same criteria for legal and natural person.  
The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:
- 1) Economic and financial capacity of candidate:  
If the applicant is a public body, equivalent information should be provided:
1. the annual turnover of the candidate in each of the last 2 years (2007, 2008) must have exceeded 400 000 EUR;
  2. the averages of cash and cash equivalents of the candidate at the beginning and the end of the year were positive for the last 2 years (2007, 2008).
- 2) Professional capacity of candidate:
1. at least 5 of the candidate's permanent staff currently work in fields related to this contract.
- 3) Technical capacity of candidate:  
The candidate must have successfully finalised, within the 36 months before the launch of this tender, at least 2 projects in which their contribution was in excess of 250 000 EUR (proportion of the project carried out by the candidate) in the fields related to this contract:
- (a) institutional development and capacity building of administrations dealing with phytosanitary issues; or  
(b) support to the legal harmonisation with the 'aquis' in the field of plant health;
- of which 1 must have been carried out in a Member State or any of the countries with official status as an EU candidate or potential candidate country.
- An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.
- If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be re-examined to identify the 8 best applications for the tender procedure.
- The only factors which will be taken into consideration during this re-examination are:
- (a) the number of completed relevant projects in fields related to this contract as per point 3) above that have been carried out in Member States or any of the countries with official status as an EU candidate or potential candidate country within the 36 months prior to the launch of this tender;

(b) the total financial value of the relevant projects selected under criterion a) above.
