EU program za lokalni razvoj i zapošljavanje

Overall value
EUR 19 million

Duration
2016-2018

50 YEARS

Empowered lives. Resilient nations.

This project is funded by the European Union

UNDP project – *"Local Integrated Development"*

Improving the standard of living through inclusive and sustainable socio-economic development in 20 partner local communities.

Governments that are better equipped to identify and transform the community's vision of prosperity into public policy and spending priorities.

Strategic investments in service infrastructure that directly address flood remnants and improve the overall quality of life in affected localities.

New jobs and better income generating opportunities that cater to those especially at risk.

100,000 Beneficiaries

Returnees, IDPs, Women, Elderly, Roma, People with disabilities, Long-term unemployed

30 MSMEs

300 Rural Households

20 LGUs

EUR 6 million

ILO project – *"Local Employment Partnerships"*

Objective to foster sustainable, partnership-driven active labour market frameworks at the local level for an increased access to formal employment and employability particularly in flood-affected areas.

Target interventions

Increase technical capacity/innovation capacity of municipalities and local key stakeholders

Introduce and adapt (to local realities) specific tools and mechanisms for employment opportunities

Learning by doing and evolving into more sustainable and broader initiatives

Lighthouse effect and learning by doing

EUR 4 million

1

Local, home-grown or induced potential, local knowledge, room to innovate, local synergies.

2

Employment, highly employable and employed labour force and promoting sustainable employment opportunities at local level for all, including women, young, and vulnerable groups.

3

Partnerships, creativity, collective solutions, participation of municipalities, local PES, local skills providers, employer organizations, worker organizations, agencies for development, all aiming at taking responsibility for success.
