1. INTRODUCTION

The contracting authority is the European Union (hereinafter referred to as "contracting authority"), represented by the Head of the Delegation of the European Union in Bosnia and Herzegovina or its duly authorized representative.

The contracting authority plans to conclude a framework service contract for the provision of security services and alarm rental, installation and monitoring services, in accordance with the specifications set out in the procurement documents.

The framework contract sets out the main elements of the services but the precise volume (number of units) and timing of the delivery cannot be defined at the time of its signature. It means that the framework contract does not raise direct obligations on the contracting authority. When the need arises, the framework contract is implemented through the signature of specific contracts or order forms. Each specific contract or order form is awarded within the limits of the terms laid down in the framework contract and its annexes and no substantial changes are allowed. The specific contract or order form states the type of services, their volume, the corresponding total price and the time of delivery. The specific contract or order form creates a direct obligation on the contracting authority at the time of its signature.

2. SUBJECT OF THE CONTRACT

The Contractor must provide the human and material resources necessary to provide the security of persons and assets under the contracting authority responsibility in the non-exhaustive list below:

- control visitor access to buildings occupied by the Delegation and some of its staff, including offices and annexes, the Residence of the Head of Delegation and if required the accommodation of expatriate staff;
- Clearance of all bags, inspection of mail, deliveries and packages before they are taken into the premises;
- keep these buildings under general surveillance so as to prevent any intrusion or attack on persons or property;
- establish regular links between the sites under surveillance through periodic radio checks between the central office and the various sites;
- follow up of alarms and assistance to persons in danger by means of a mobile patrol and a Quick Reaction Force (QRF);
- establish and maintain alarms and/or security equipment in the accommodation of expatriate staff ('panic buttons').

The place of performance is Sarajevo.

3. DESCRIPTION OF PUBLIC PROCUREMENT PROCEDURE

This tender will be taking place in two stages, as follows:

A. First stage (selection stage):

In order to participate, candidates shall submit a letter presenting the name of the candidate, including all entities in case of a group and the name of the single contact

person in relation to this request. An e-mail address and/or a fax number of the candidate shall be provided. It is the responsibility of the candidate to regularly consult the e-mails received.

In an annex to this letter, candidates shall submit **ALL** the information requested in point "**5. Eligibility of economic operators**" of the tender specifications, namely evidence on the access to public procurement, declaration on honour on exclusion criteria and evidence on selection criteria. An evaluation committee will evaluate the documents submitted in order to verify if the economic operators meet the access to procurement, exclusion and selection criteria.

B. Second stage:

Candidates shortlisted at the end of the selection stage (every economic operator complying with the access, exclusion and selection criteria evaluated during the selection stage) shall be invited to submit a tender. The following procurement documents will be sent to them directly:

- The letter of invitation to tender.
- The technical specifications.

Only at this second stage the tenderer submits its technical and financial offers.

4. GROUPS OF ECONOMIC OPERATORS AND SUBCONTRACTING

Tenders or requests to participate can be submitted by a single economic operator or jointly by two or more economic operators.

4.1. Joint tender

A joint tender is a situation where a tender is submitted by a group of economic operators; in other words, by several legal entities (natural or legal persons) regardless of the link they may have between them.

Each legal entity of the group shall assume joint and several liabilities with all its resources towards the contracting authority for the fulfilment of the terms and conditions of the contract.

The group shall nominate one legal entity ('the leader') who will have full authority to bind the group and each of its members, and will be responsible for the administrative management of the contract (invoicing, receiving payments, etc.) on behalf of all other entities.

The cover letter to the request to participate and tender must be signed by the legal representative of each legal entity of the group and will identify the leader with its name, e-mail address and/or fax number.

The tender will clearly identify the division of tasks amongst the different members.

Any change in the composition of the group during the procurement procedure may lead to the rejection of the tender. Any change in the composition of the group after the signature of the contract may lead to the termination of the contract.

The group will not be required to adopt a specific legal form in order to submit a request to participate or a tender.

The contract shall be signed by all legal entities or by the leader duly authorised to bind the group and each of its members (a power of attorney in favour of the leader is to be attached to the contract).

4.2. **Subcontracting**

Subcontracting is allowed but the contractor will retain full liability towards the contracting authority for performance of the contract as a whole.

Tenderers must give an indication of the proportion of the contract that they intend to subcontract and are required to identify all subcontractors whose share of the contract is above 10%.

The subcontractors whose share of the contract is above 10% must comply with the same exclusion and selection criteria on legal and regulatory capacity, economic and financial capacity and technical and professional capacity applicable to tenderers and shall present the documentary evidence.

Any change in subcontracting during the procurement procedure may lead to the rejection of the tender. Any change in subcontracting after the signature of the contract may lead to the termination of the contract. During contract execution, the change of any subcontractor identified in the tender will be subject to prior written approval of the contracting authority (see art. II.10 of the framework contract).

5. **ELIGIBILITY OF ECONOMIC OPERATORS**

5.1. **Access to public procurement**

Participation in this tender procedure is open on equal terms to all natural and legal persons:

- in one of the European Union Member States;
- in a third country which has a special agreement with the European Union in the field of public procurement¹ on the conditions laid down in the agreement (Bosnia and Herzegovina is included);

Participation is also open to international organisations.

Economic operators, including each member of a joint tender, must confirm that they have their headquarters or domicile in one of the abovementioned States and present the supporting evidence normally acceptable under their own law.

5.2. **Non-exclusion of economic operators**

Economic operators who have access to public procurement are evaluated on the basis of the information provided in their tenders for exclusion criteria.

¹ **FYROM, Albania, Montenegro, Serbia and Bosnia and Herzegovina** (under the Stabilisation and Association Agreement), **Iceland, Norway and Liechtenstein** (under the EEA Agreement); **Mexico, Chile, Colombia, Peru, Ecuador, Iraq,** and Central American countries of **Honduras, Nicaragua, Panama, Costa Rica, El Salvador and Guatemala.**

Economic operators shall provide a declaration on honour on exclusion criteria and selection criteria (declaration on honour) attached to the tender specifications duly filled in, signed and dated by the legally authorised representative.

The declaration shall be provided by each member of the group in case of joint tenders, and by an entity on whose capacity the tenderer or candidate intends to rely and by all identified subcontractors whose share of the contract is above 10%.

Whenever requested by the contracting authority, the candidate or tenderer, as well as all entities which provided the abovementioned declaration on honour, shall provide the supporting documents confirming the declaration on honour.

The successful tenderer, including each member of the group in case of joint tender, to whom the contract is to be awarded shall provide, within a time limit defined by the contracting authority and preceding the signature of the contract, the evidence referred to in paragraph "Evidence upon request", confirming the declaration on honour.

The contracting authority may waive the obligation for a candidate or tenderer to submit the documentary evidence if it has already been submitted for another procurement procedure and provided the documents were issued not more than one year earlier and are still valid at the date of their request by the contracting authority. In such cases, the candidate or tenderer must declare on its honour that the documentary evidence has already been provided in a previous procurement procedure and confirm that there has been no change in the situation.

The contracting authority may also waive the obligation for a candidate or tenderer to submit the documentary evidence if it can access it on a national database free of charge.

5.3. Selection of economic operators

Candidates must prove their legal, regulatory, economic, financial, technical and professional capacity to perform the services subject to this call for tender by meeting the selection criteria and minimum requirements listed in points 5.3.1, 5.3.2 and 5.3.3 hereafter.

Each candidate shall submit the evidence on selection criteria in their request to participate (first stage, see also point 3 of the tender specifications), respecting the requirements of the summary table here below.

If a candidate is relying on the capacities of other entities (e.g. parent company, other company in the same group, or third party) in order to achieve the required level of economic, financial, technical and professional capacity, its request to participate must contain a signed and dated statement by the concerned entity declaring firmly that the relevant resources shall be made at the disposal of the tenderer for the performance of this contract. The contracting authority will verify whether the entities on whose capacities the candidate intends to rely fulfil the relevant selection criteria. The candidate may only rely on the technical and professional capacities of other entities where the latter will perform the services or works for which these capacities are required.

If an entity provides the whole or a very large part of the financial capacity to the candidate, the contracting authority may demand that the said entity be jointly liable for the performance of the contract in case of award. It may require that it signs the contract

or that it provides a joint and several first-demand guarantee, should that candidate be awarded the contract. If this entity is required to sign the contract, it has to have access to public procurement and shall not be in an exclusion situation as indicated in point 5.1 and 5.2 of the tender specifications.

5.3.1. Legal and regulatory capacity criteria and evidence

The economic operators are required to have the following:

Evidence on selection criteria: Legal and regulatory capacity

<p>5.3.1. Legal and regulatory capacity</p>	<p>The criterion must be met by the following <i>economic operator(s)</i></p> <p><i>"Economic operator"</i> is an entity which submits a tender or a request to participate, including members of a joint tender or subcontractor(s) (if required under point 4.2 Subcontracting).</p>

6. TECHNICAL SPECIFICATIONS

In order to protect the confidential nature of information contained in the tender specifications, the contracting authority will disclose the complete content of the technical specifications only to the candidates shortlisted at the end of the selection stage (every economic operator complying with the access, exclusion and selection criteria evaluated during the selection stage). **Only the economic operators receiving the invitation to tender and the technical specifications at the second stage will submit their technical and financial offers.**

7. EVALUATION OF TENDERS ON THE BASIS OF THE AWARD CRITERIA

The tenderers shall provide a "Statement of compliance with the procurement documents" duly dated and signed in order to be considered technically compliant. The statement will be sent together with the letter of invitation to tender and the technical specifications to the tenderers successful at the selection stage.

The technically compliant tenders are evaluated in order to award the contract to the tender offering the best price quality ratio. For this purpose, the tender will be evaluated technically and financially.

7.1. Technical tender

The technical quality of the tenders will be evaluated on the basis of documents provided by the tenderers in the technical tender with regard to the award criteria described in the table below:

Technical award criteria:

No	Description	Max. number points	Criteria
1	<p><u>Organisation of the services</u></p> <p>This criterion will enable to assess the organisation of the services by the tenderer, including the different members of a joint tender and the resort to subcontractors. Tenderers will develop in detail the organisation they offer in particular provide detailed information for each questions.</p>	20 points – minimum threshold 50%	<ul style="list-style-type: none"> • How does the tenderer commit to organise the posts and the other services including the allocation of tasks amongst different members of a joint tender or subcontractors? – 10 points • How does the proposed rotation/shift system fit with the service requirements? – 5 points • What are the measures to ensure service continuity in the event of unplanned absence by one or more security guards? – 5 points
2	<p><u>Organisation of services in case of a serious incident</u></p> <p>This criterion will enable to assess the organisation of the services by the tenderer in case of a serious incident, including the different members of a joint tender and the resort to subcontractors. Tenderers will develop in detail the organisation they propose and in particular provide detailed information for each of</p>	20 points – minimum threshold 50%	<ul style="list-style-type: none"> • What measures will be deployed to deal with a serious incident or major crisis? – 10 points • What human and material resources would be deployed to intervene in the shortest time limit and how would they be deployed? – 10 points

	the questions.		
3	<p><u>Quality monitoring and evaluation of services</u></p> <p>This criterion will enable to assess the control measures applied to guarantee the quality of the services to be performed under this contract.</p>	20 points – minimum threshold 50%	<ul style="list-style-type: none"> • How are the services monitored and evaluated in order to guarantee the quality of the services provided? Example criteria are indicated in point 6.5 of the technical specifications.
4	<p><u>Tenderer's staff loyalty programme</u></p> <p>This criterion will enable the assessment of the tenderer's staff loyalty programme in order to ensure staff loyalty and motivation.</p> <p>Tenderers will describe any incentives granted to the security guards who would be deployed under this contract such as financial bonuses, allowances, promotion, training, medical coverage and any other initiatives designed to motivate the guards and encourage their loyalty to the tenderer.</p>	15 points – minimum threshold 50%	<ul style="list-style-type: none"> • What measures/incentives will be implemented to motivate the guards to be deployed?
5	<p><u>Proposed alarm system</u></p> <p>This criterion will enable the assessment of the alarm system proposed by the tenderer. The alarm system proposed should be indicated (brand and model) and its main characteristics have to be detailed in the technical offer and description of the main advantages.</p>	25 points – minimum threshold 50%	<ul style="list-style-type: none"> • Description on how the alarm system will be installed, organized and maintained. How will the telemonitoring room be organized? How many staff are on permanent duty in the room? What means of communication does the tenderer have available for monitoring the alarms? – 10 points • Please describe the equipment: type of system which will be used for the transmission of the alarm to the monitoring centre. What are the advantages of the proposed equipment compared to the technical requirement mentioned under point 6.3.1 of the technical specifications? What is the most important advantage of your proposed system compared to other existing system on the security market

			in Bosnia and Herzegovina? – 15 points
	TOTAL	100	

Any tender not scoring the minimum quality threshold of 50% of the points for each criterion where indicated and 60 points for all the criteria combined will be eliminated.

7.2. Financial tender

The prices for the tender must be tendered:

- in BAM. As the award of the contract is published in EUR, the official exchange rate that will be used for the value of the contract is the Inforeuro rate from the deadline of submission of the tender.
- 'free of all duties, taxes and other charges, including VAT, as the European Union is exempt from such charges under article 29 of the Law on Value Added Tax via refund by the Indirect Taxation Office of Bosnia and Herzegovina'.
- all inclusive. This means that, unless otherwise mentioned in these tender specifications, prices tendered for shall include all the costs to be incurred by the tenderers in order to provide the services;
- using the unit price schedule (Annex A) and the price scenario tables in annex (Annex B). Any change in the table(s) as annexed to these tender specifications will lead to the rejection of the tender.

During the validity of the tender and the implementation of the contract, prices cannot be revised.

The unit price schedule (Annex A) is binding during implementation of the contract.

The price "scenario" is an estimate by the contracting authority of the quantities of the services over the duration of the contract in order to compare the financial tenders.

When completing the scenario, tenderers will specify the same unit prices tendered for in the unit price schedule, will multiply them by the quantities indicated by the contracting authority for each item and will calculate the total price.

Only the financial tenders submitted by those tenderers who have obtained an overall technical score of 60 points or more and at least 50% of the maximum score allocated for each individual criterion will be opened.

Financial tenders will then be checked for arithmetical accuracy. Where arithmetical errors are found, tenderers will be requested to correct them.

7.3. Calculation of the overall score

The tender chosen will be that which offers the best price quality ratio among the technically compliant tenders, namely the tender obtaining the best overall score P_i calculated as follows where the weighting is 60% for the quality and 40% for the price:

$$P_i = T_i * 0.60 + F_i * 0.40$$

T_i = (technical quality score of the tender under consideration / score of the best technical quality tender) * 100

F_i = (cheapest total price for the scenario / price of the scenario of the tender under consideration) * 100

8. CONTENT OF THE REQUEST TO PARTICIPATE

The candidates shall submit all the requested documents listed here for the first stage (selection stage).

The request to participate will contain:

1. a cover letter presenting the name of the candidate, including all entities in case of joint tender, and identified subcontractors whose share of the contract is above 10%, and the name of the single contact person in relation to this tender. The cover letter must indicate the proportion of the contract to be subcontracted. In case of joint tender, the cover letter to the request to participate must be signed by the legal representative of each legal entity of the group and will identify the leader with its name, e-mail address and/or fax number. It is the responsibility of the tenderers to consult regularly the e-mails received;
2. a letter of intent for each subcontractor whose share of the contract is above 10 % stating their willingness to provide the services foreseen in the tender and in line with the present tender specifications;
3. all the documents requested for the access to public procurement (point 5.1);
4. declaration on honour on the exclusion criteria (point 5.2) and on the selection criteria (point 5.3) attached to these tender specifications;
5. all the documents requested for the selection criteria (point 5.3).
