CONTRACT SPECIFICATION

6. Nature of contract

Global price

7. Contract description

The project aims to support implementation of the Bosnia and Herzegovina Action Plan for Flood Protections and Water Management and increase capacities of the key stakeholders for flood risk management in terms of prevention, protection and preparedness to respond to potential hazards.

More specifically, this contract will serve to develop the system for hydrological flood forecasting for Bosna River (including sub-basins of Ukrina, Tinja and Brka rivers), to set an consistent and integrated system to support effective data management and development of hydrological and hydraulic simulations with long-term flexibility in application. This will be done through consistent and coordinated development and implementation of cutting edge tools and technologies and strengthening capacities of Hydro-Meteorological Services (HMSs) and Water Agencies in BiH.

8. Number and titles of lots

N/a.

9. Maximum budget

EUR 1,200,000

10. Scope for additional services

The Contracting Authority may, at its own discretion, extend the project in duration and/or scope subject to the availability of funding up to a maximum not exceeding the length and value of the initial contract. Any extension of the contract would be subject to satisfactory performance by the Contractor.

CONDITIONS OF PARTICIPATION

11. Eligibility

Participation is open to all natural persons who are nationals of and legal persons (participating either individually or in a grouping – consortium - of tenderers) which are effectively established in a Member State of the European Union or in a eligible country or territory as defined under the Regulation (EU) N°236/2014 establishing common rules and procedures for the implementation of the Union's instruments for external action (CIR) for the applicable Instrument under which the contract is financed (see also heading 29 below) . Participation is also open to international organisations.

12. Candidature

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the Contracting Authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13. Number of applications

No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than one application, all applications in which that person has participated will be excluded.

14. Shortlist alliances prohibited

Any tenders received from tenderers comprising firms other than those mentioned in the short-listed application forms will be excluded from this restricted tender procedure unless prior approval from the Contracting Authority has been obtained (see Practical Guide – PRAG - 2.4.3.). Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

15. Grounds for exclusion

As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.3.3 of the PRAG.

16. Sub-contracting

Subcontracting is allowed.

17. Number of candidates to be short-listed

On the basis of the applications received, between 4 and 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the Contracting Authority may invite the candidates who satisfy the criteria to submit a tender.

PROVISIONAL TIMETABLE

18. Provisional date of invitation to tender

July 2018

19. Provisional commencement date of the contract

January 2019

20. Initial period of implementation of tasks

24 months

SELECTION AND AWARD CRITERIA

21. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole unless specified otherwise. The selection criteria will not be applied to natural persons and single-member companies when they are sub-contractors.

- 1) **Economic and financial capacity of candidate** (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three years for which accounts have been closed.
 - a) The average annual turnover of the candidate(s) for the last three years for which accounts have been closed must exceed 700,000.00 EUR.
- 2) **Professional capacity of candidate** (based on items 4 and 5 of the application form). The reference period which will be taken into account will be the last three years from submission deadline.
 - a) At least five permanent staff employed by the candidate(s) worked and currently works in the fields related to this contract (hydrometeorology, climate change, water resources management or flood management).
- 3) **Technical capacity of candidate** (based on items 5 and 6 of the application form). The reference period which will be taken into account will be the last five years from submission deadline.
 - a) The candidate has provided services under at least one completed contract with a budget of at least 700,000.00 EUR in the fields related to this contract, i.e. hydrometeorology,

climate change, water resources management or flood management in EU member states and/or EU candidate/potential candidate countries and ENI countries, which was implemented at any moment during the reference period mentioned above.

Note: the referenced project must have been completed in the indicated period but do not necessarily have to be started within that period.

Proportion of the contract carried out by the candidate(s) must be at least 70%.

Previous experience which caused breach of contract and termination by a Contracting Authority shall not be used as reference.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing a commitment on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility - notably that of nationality – and must fulfil the same relevant selection criteria as the economic operator. With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the works or services for which these capacities are required. With regard to economic and financial criteria, the entities upon whose capacity the tenderer relies, become jointly and severally liable for the performance of the contract.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best candidates. The only factors which will be taken into consideration during this re-examination are:

- 1) The highest number of references compliant to criterion 3 (a) above.
- 2) The highest value of the proportions carried out by the candidate, in the projects compliant to criterion 3 (a) above.

22. Award criteria

Best price – quality ratio.

APPLICATION

23. Deadline for receipt of applications

16:00 Central European Time, on 06 June 2018

Any application received by the Contracting Authority after this deadline will not be considered.

24. Application format and details to be provided
