

ANNEX II + III: TECHNICAL SPECIFICATIONS + TECHNICAL OFFER for LOT 2 – Truck trailers

Contract title: Support to the Civil Protection Mechanism

Publication reference: 139040/DH/SUP/BA

Column 1-2 should be completed by the Contracting Authority

Column 3-4 should be completed by the tenderer

Column 5 is reserved for the evaluation committee

Annex III - the Contractor's technical offer

The tenderers are requested to complete the template on the next pages:

- Column 2 is completed by the Contracting Authority shows the required specifications (not to be modified by the tenderer),
- Column 3 is to be filled in by the tenderer and must detail what is offered (for example the words “compliant” or “yes” are not sufficient)
- Column 4 allows the tenderer to make comments on its proposed supply and to make eventual references to the documentation

The eventual documentation supplied should clearly indicate (highlight, mark) the models offered and the options included, if any, so that the evaluators can see the exact configuration. Offers that do not permit to identify precisely the models and the specifications may be rejected by the evaluation committee.

The offer must be clear enough to allow the evaluators to make an easy comparison between the requested specifications and the offered specifications.

General requirements for this LOT:

1. All technical documentation supplied with the tender must match the Tenderer's written specifications. The Tenderer must attach printed labels to the documentation, rather than handwritten identification.
2. Where in the Technical Specification reference is made to specific standards and codes for the goods, the provision of the latest edition or revision of the relevant standards and codes in effect shall apply, unless otherwise expressly stated in these documents.
3. If the Specifications define a range or leave room for variation, the Tenderer shall describe in Column 3, *Specifications Offered* the exact specifications of the offered item. This requirement applies as well if the Tenderer offers an item within the permitted variation.

ANNEX II + III: TECHNICAL SPECIFICATIONS + TECHNICAL OFFER for LOT 2 – Truck trailers
