Corrigendum No. 1 to the Service Contract Notice

Design and Studies for Motorway on SEETO Route 2a: Banja Luka Bypass

Re-launch

Publication reference EuropeAid/139580/DH/SER/BA; EC/BiH/TEN/18/012

Point 23. Deadline for receipt of application of the Service Contract Notice is modified and now reads:

23. Deadline for receipt of applications

The candidate/tenderer's attention is drawn to the fact that there are two different systems for sending applications/tenders: one is by post or private mail service, or by hand delivery.

In the first case, the application/tender must be sent before the date and time limit for submission, as evidenced by the postmark or deposit slip¹, but in the second case it is the acknowledgment of receipt given at the time of the delivery of the application/tender which will serve as proof.

6th March 2019 at 16:00 Central European Time

Any application submitted to the contracting authority after this deadline will not be considered.

The contracting authority may, for reasons of administrative efficiency, reject any application or tender submitted on time to the postal service but received, for any reason beyond the contracting authority's control, after the effective date of approval of the short-list report or of the evaluation report, if accepting applications or tenders that were submitted on time but arrived late would considerably delay the evaluation procedure (for instance when applications or tenders are received after the evaluation committee has finished its works and evaluating them would imply re-calling the evaluation committee) or jeopardise decisions already taken and notified.

All other terms and conditions of the Service Contract Notice remain the same.
